Sorry, was on a call. BK generally gets allergic to indemnification clauses, but worth a shot in a first draft revision.

Thanks, Chris. Just tried calling... the main thing I wonder about is an indemnification clause. Would you do one?

Dave - Sure. Some other libraries have taken our agreement and used it as the starting point for a more tailored document. We're receptive to that path. Ring me at [REDACTED] if you want to discuss, or just shoot us an update for review. Currently wading through this with another library, so good timing.

Hi Chris –

I have restarted folks here at Duke working on doing an extract to do an overlap analysis for being a partner library for CDL. I was going over the form agreement again today and wonder if there is any flexibility on the terms... would make it easier for us to sign. LMK if you have a moment to talk, or if this is a Lila question I'm happy to talk to her too.
